Version 2 Requirements:
* As a user, I want to make a report of my time usage.
* As a user, I would like to see my time usage by using the format "report yyyy/mm/dd yyyy/mm/dd" to see all my activites between those days (and including those dates as well)
* As a user, I would like to know what activities I spent most of my time.
* As a user, I will use the priority command to see a list of activities I spent the most time on.
